In addition to the subject specific revision above, there is also BBC Bitesize from combined science: [BBC Bitesize Trilogy](#), Seneca and their own individual Google Classrooms with revision materials including a past paper for those that wish to practise one.

In the coming days, I will be sending out further information about the purchase of revision guides and other resources directly from CGP.

During weeks from the exams until the end of the summer term, we will be going through the paper, identifying gaps and running specific sessions for revising that content. We will then continue with the paper 2 content in readiness for their mocks in year 11.

Please let your child's science teacher know if you have any questions or queries about these exams. We fully appreciate your support with revision.

Yours sincerely

Mrs A Wiseman

Head of Science
