

17th May 2024

Dear Parent/Carer

We have started to work with the NHS Mental Health Support Team (MHST). As part of their service, they would like to understand how they can support our students at school.

Please see below the communication we have received from the MHST:

We the Mental Health Support (MHST) team are delighted to be working with you and your school! We are a new service collaboratively working alongside schools to support children, young people and their families with their emotional and mental wellbeing. We will work with your school and help to adopt a whole school approach to attain a schooling environment with positive mental wellbeing. Your school area will be supported by the Central 3 MHST team and we look forward to sharing more information and meeting some of you in person during MHST introductions at Campion.

We would be grateful if you would complete the survey (please click the link below) by 31st May 2024 to enable the team to gauge an accurate reflection of the current mental health support available within school.
